🎓 EDUCATION

Bachelor of Applied Information Systems Technology | **Northern Alberta Institute of Technology**
SEPTEMBER 2020 – DECEMBER 2021 (EXPECTED)

- Honor Roll Standing
- Capstone Project: *The Greasy Crew – Paintball Apparel Website (January 2021 – April 2021)*
  - Description: Developing an E-Commerce website for a local paintball apparel company. In a team of three, we are creating a platform for The Greasy Crew to view, manage, and sell products and blog posts.
  - Tools: NextJS, Firebase

Digital Media and IT – Computer Software Development | **Northern Alberta Institute of Technology**
SEPTEMBER 2017 – APRIL 2020

- Honor Roll Standing
- Capstone Project: *United Way – Poverty Simulator (January 2020 – April 2020)*
  - Description: Working with a team of 7 other students to create and develop a Poverty Simulation Tool which the United Way can use for learning and fundraising. The United Way tasked our team to create the platform so they can manage and simulate real-world examples of poverty situations in order to educate their stakeholders and the general public.
  - Tools: React, C#, ASP.Net Web API, Azure, Visual Studio, SQL Management Studio
